# ON THE COVER

SMT Technologies has kick-start the 4R objectives in 2022.  
Read about the related topic on page **20, 21 & 23**

SMT Technologies Sdn Bhd has received its 5G photonics modular technology in 2022, which mark its first-ever pioneer technology tranfers to Southeast Asia.

Read more about how we recieve the technology at page 34 & 35.

A large, 3D, blue-outlined '5G' graphic is centered in the upper half of the image. The background is a dark blue space-themed illustration featuring a glowing blue circuit board pattern, a view of the Earth's horizon from space, and several glowing blue dots connected by curved lines, suggesting a global network or data flow.

# 5G

Words from  
our **Group**  
**CEO's.**

**"This will then bring multiplier effects to the wider society, allowing us to play our role to build the nation."**

Over the course of our company's rich history, EG Industries has not only established itself as one of the world's leading Electronic Manufacturing Services (EMS) providers, but we have also earned a commendable reputation in the international EMS sector. Our achievements go beyond being just one of the top 50 EMS players; we have positioned ourselves as a trusted partner to global technology leaders.

While we started humbly in the data storage industry, we have now embraced the advancements brought by 5G technology. Through collaboration with our customers and their transfer of 5G expertise, we are optimistic that we will be able to develop and manufacture our own branded 5G modules and products. This opens up exciting opportunities for us to form partnerships with other conglomerates, creating new revenue streams and further promoting the technology.

**Dato'** *Alex Kang*

We understand that our commitment extends beyond providing excellent manufacturing services. Our dedication lies in fostering a culture of innovation, where we actively engage in product design and invest in cutting-edge research and development. Through these efforts, we strive to create multiplier effects that ripple throughout society, benefitting not only our stakeholders but the broader community as well.

In expressing my deepest appreciation, I extend heartfelt gratitude to our exceptional employees, whose hard work and dedication have been instrumental in our continuous corporate growth. I am also immensely grateful to our dedicated business partners, supportive stakeholders, and valued customers, whose trust and collaboration have propelled us forward. Looking ahead, I firmly believe that our future success hinges upon forging meaningful partnerships, embracing operational transparency, and upholding the core values and principles that define our business.

As the Group CEO and Group Executive Director, I have unwavering confidence that, with the unwavering support of my extraordinary team, our company will ascend to even greater heights. Together, we will continue to make significant contributions to our industry and make a lasting impact. Once again, I extend my sincerest gratitude for your invaluable contributions and unwavering dedication to our shared vision.

## IN THE SMT JOURNEY

---

In this edition of INSIGHT, we take a nostalgic journey down memory lane as we revisit the remarkable milestones achieved throughout the years. Over the course of 29 years, EG and SMTT have accomplished numerous significant achievements.

*"ALONE WE ARE SMART.  
TOGETHER WE ARE  
BRILLIANT."*

1993

## A HUMBLE BEGINNING

SMT Technologies had its beginnings in a manufacturing facility established in Sungai Petani, Kedah, Malaysia in 1993.

1996

## A SMALL START

SMT Technologies operates three main plants with four production lines, all of which are managed and supervised by a dedicated team of 300 employees.

2012

## THE GAME CHANGER

SMT Technologies was honored with the prestigious 'Supplier of the Year' award by Western Digital (WD).

2014

## TRANSFORMATION DAY

On 18th July 2014, Dato' Alex Kang assumed the role of Group Chief Executive Officer of EG | SMTT, marking the commencement of our transformative journey.

2014

## GETTING BIGGER

SMT Technologies expanded its operations by acquiring a new building at Plot 102A, further extending its territorial footprint.

2014

## NEW BUSINESS

SMT Technologies ventured into the plastic injection molding business with the establishment of a new plant on the recently acquired Plot 102A. The facility is equipped with seven state-of-the-art plastic injection molding machines.

2015

## RECOGNITION AWARD

SMT Technologies been awarded Recognition Award Quality.

2016

VI  
plus+

## THE ONE & ONLY

We take pride in being the sole EMS provider that offers a comprehensive VI plus solution. Starting from initial design all the way through to product distribution and VMI (Vendor Managed Inventory) for our customers.

**2014 - PRESENT**

### TOP 50 GLOBAL EMS PROVIDER

SMTT's remarkable achievement of securing a position in this esteemed list of top EMS providers globally.

**2015**

**BFM** 89.9  
The Business Station

### WE'VE BEEN HEARD

Our Group CEO, Dato' Alex Kang, was interviewed by BFM, which garnered nationwide attention, spreading the stories of our remarkable success.

**2016**

### BUSINESS EXCELLENCE

SMT Technologies has been honored with the prestigious 'Malaysia Top Business Excellence' award.

**2017**

### GO GO COLOUR RUN

The largest-ever color, bubbles, and water run event in Kedah.

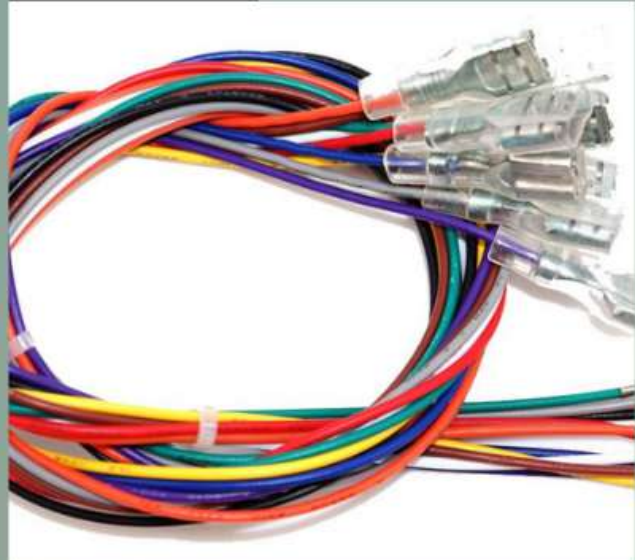

2017

## IOT BUSINESS PLATFORM

Our victory in securing the IoT Business Platform award in 2017 solidified our position as a frontrunner in the IoT industry.

2017

## A DRIVE INTO WIRE HARNESS

A new wire harness plant has recently been inaugurated at Plot 102, offering exciting business opportunities in the form of wire harnesses.

2020

## UPHOLDING THE PILLARS OF PANDEMIC PREPAREDNESS

SMT Technologies Monumental Display of Love and Care through Dedicated Face Mask Production, prioritizing the well-being of their employees and the community's safety.

2022

## APEA AWARD

SMT Technologies Sdn Bhd has been honored with the prestigious Asia Pacific Enterprise Awards.

2018

## SPREADING OUR WINGS

In November 2018, SMTT took a significant leap forward by acquiring another building (Plot 101) that primarily focuses on Industrial 4.0 and 5G product.

2019

## EXPORT EXCELLENCE AWARD

SMTT proudly achieved the Silver Award for 2019 Export Excellence in the Electrical and Electronics category.

2022

## GLOBAL BEST QUALITY AWARD

SMT Technologies Sdn Bhd been awarded Global Best Quality Award.

2022

## SPREAD LOVE TO PENANG

EG SMTT began setting up its Smart Factory 4.0 at Baru Kawan in November 2022.

Fifty employees are chosen and nominated with exemplary performance based on their contributions to the company's mission, goals, and values.

CHINESE NEW YEAR

# DINNER

On 26th January 2022, EG|SMTT CNY dinner was held at Jade Garden Restaurant celebrating Chinese New Year which represented "Reunion Dinner", called tuan nien fan or nian ye fan in Chinese, is perhaps the most loved aspect of the Spring Festival. The night was made unforgettable by the organising chairman and co-chairman (Mr. Johnny Khong, Miss Yeo Soon Bee), as well as all of the incredibly talented committee members. Red decorations was beautifully decorated throughout the venue because it is a great clarifier of light and signifies good health and prosperity for all in this auspicious year 2022. Additionally, the exchange of the "Red Angpows" containing money takes place most frequently during these fortune occasions.

CNY RESUME WORK

LOUSANG

初七 | 人日

SMT TECHNOLOGIES SDN BHD

Our honourable guest, YB Dato' Wira Ku Abd Rahman bin Ku Ismail, Chairman of the Committee on Industry and Investment, was invited to the opening of CNY Resume Work.

**CNY** resume work event was held at the SMTT with the opening of the colourful Lion Dance which believed to be a way to scare away evil spirits and bring good luck to people and it is considered lucky if one is touched by a (lion dance) lion.

Due to its connotation of "good luck" for the new year, the 60 ft of Lousang ritual was currently taking place at the SMTT (the longest in Kedah). This dish is frequently served as an appetiser as part of a multi-dish vegetable meal.

**07 Feb 2022**

SMTT organized a 60ft prosperity Lousang ceremony, which believed is the longest lousang in Kedah!

SMTT had organized 4R summit event at Purest Hotel, Sungai Petani on 19th April 2022 (Tuesday).

## 4R SUMMIT

was organised as the first reactivation phase to regain the SMTT team spirit after the two challenging years of fighting the Covid-19 pandemic. The objective was clear and bold. All exempt staffs and section managers were required to attend the first session of the 4R Summit which was presented by Group CEO Dato' Alex Kang. The second session then continued with the arrival of chiefs and directors, senior managers, and department managers.

Year 2022 new goals were set to encourage and motivate each other for the continuous growth of the company. The 4R objectives: RESET, RECHARGE, REFOCUS, REGAIN were the main focus that CEO emphasized during this summit.

On top of that, the Top 50 Elite Generation nominees were announced and specially designed Elite Generation lanyards, T-shirt and certificates were presented to the nominees. It was also one of the main highlights of the 4R Summit. As the event during the "bulan puasa" month, a Ramadan feast were prepared to honour the staff's efforts.

**RESET

REGAIN**

# BUBUR LAMBUK

## MALAYSIAN RAMADHAN DELIGHT

In Malaysia, Bubur Lambuk is a savory, lightly spiced rice porridge (bubur = lambuk) that is associated with Ramadan. During the month of fasting, this rice porridge is more than just a recipe; it is a custom in the majority of Muslim households. It is believed that bubur lambuk has been served in Malaysia since the 1950s.

In addition to having a well-known flavor, bubur lambuk is also very nutritious due to the presence of numerous healthy ingredients that are beneficial to the body. Bubur lambuk is a great meal for breaking the fast because the body loses a lot of energy during the day.

Top management cooking bubur lambuk for the Muslims.  
From left to right:  
JH Low, LB Tai, CS Tai, Johnny Khong, Dato' Alex Kang

The green packets and bubur lambuks are ready for distribution!

Spot the happy faces on those employees who received the helmets from SMTT!

In conjunction of the yearly Hari Raya Bubuk Lambuk event together with SMTT Muslim brothers and sisters, we also emphasized on "Balik Kampung Road Safety Campaign", and distributed motorcycle helmets to selected employees.

4R For The Top conference was held at The Haven Suites, Ipoh. The top management; CEO, chief and directors, and managers were among the participants of the successful 3D2N conference. They had a rewarding experiences and touching moments

**RESET**  
**RECHARGE**  
**REFOCUS**  
**REGAIN**

We all understand that being a leader is challenging. Leaders always need to take lead to coordinate multiple tasks with different divisions of an organization. Seamlessly keeping it on its feet no matter what obstacles you might encounter. For those inevitable moments when leading gets tough, it's necessary for leaders to take some time to Reset, Recharge, Refocus & Regain. The art of leadership is the ability to provide a platform for people to express their suggestions.

During the conference, we listen, communicate, motivate & encourage each other! They compete against each other, they sweat, laughed, and cried, but they will still hold each other's back. Love and gratitude were a part of this journey.

Teamwork makes the dream work. We will continuously bring our different levels of management to 4R!

**4R FOR THE TOP**

# conquer

Taman Sejati Tunnel!

Before:

After:

Special thanks to our Group CEO; Dato Alex Kang, directors and manager who lend their helping hand in this project, especially those who made their way from Penang to Sungai Petani in the late evening.

**T**aman Sejati Tunnel is one of the main routes to SMT Technologies right from Sungai Petani (S) toll exit. With the strategic location, SMTT grabs this golden opportunity to promote SMTT to all visitors and at the same time to the local community. All SMTT Top 50 Elite Generation were the main contributors to this remarkable project.

It was definitely a serious challenge task as most of the work must be arranged at midnight due to high traffic during the day. The initial stage was to clean the tunnel, draft the alphabet, and paint the design on the wall.

Even though we are not experienced painters, we made our contributions from scratch out of an aspirations to elevate morale and enhance the appearance of the city. It took us one and a half months from the cleaning, design, and spray painting the tunnel to completion. SMTT would wish to thank the team and Kedah City Council for the trust. SMTT is very honored to be able to contribute to the beautification of the city of Sungai Petani.

18<sup>TH</sup> JULY

# Transformation

Group photo: The 4R Carnival organising committees in action!

18<sup>th</sup> July mark as the most exciting month as it is SMTT Transformation Day since 2014! This is an enjoyable and meaningful occasion for all involved as we commemorate an important milestone for SMTT!

In 2022, the ceremony was held at Carnival Cinta Sayang in Sungai Petani, Kedah. Dato' Alex Kang, our group CEO, officiated the carnival with a motivating speech. The ribbon-cutting ceremony was a particular highlight of the entire event, with the bunch of balloons flying up to the sky also symbolizing that SMTT can soar to new heights.

Music from the live band in the background, the pleasant aroma from the food trucks, and we were so ready to get on those giant inflatables that came in sight upon entering. The game session started off with a bang! Groups participated in activities ranging from Inflatables Race to Water Gun Battle to Protect the King and Gathering the Right Colours! The teams were competitive but at the same time united to win the games. It has definitely promoted teamwork and built a better relationships.

The carnival was a hit and everyone enjoyed it. We celebrated this remarkable day in a fun-filled, meaningful carnival. Let's continue to shape the future together, strive to put our customers first, and live our corporate values that have been integral to SMT Technologies' success.

“to the  
next  
level”

To the next level! On 26 October 2022, we secured a letter of intent (LOI) with CIG (Cambridge Industries Group) to produce advanced high speed optical signal transmitter and receiver for 5G wireless network (optical module).

The LOI was for CIG to transfer its 5G photonic modular technology to us, being its first-ever pioneer technology transfer to Southeast Asia.

5G become  
reality.

We are so proud and honored to be the first electronics manufacturing services (EMS) company producing the top-notch 5G photonics modular in Southeast Asia.

The LOI signing ceremony was signed between CIG's executive vice president Cliff Lin and CEO of SMTT, Dato' Alex Kang.

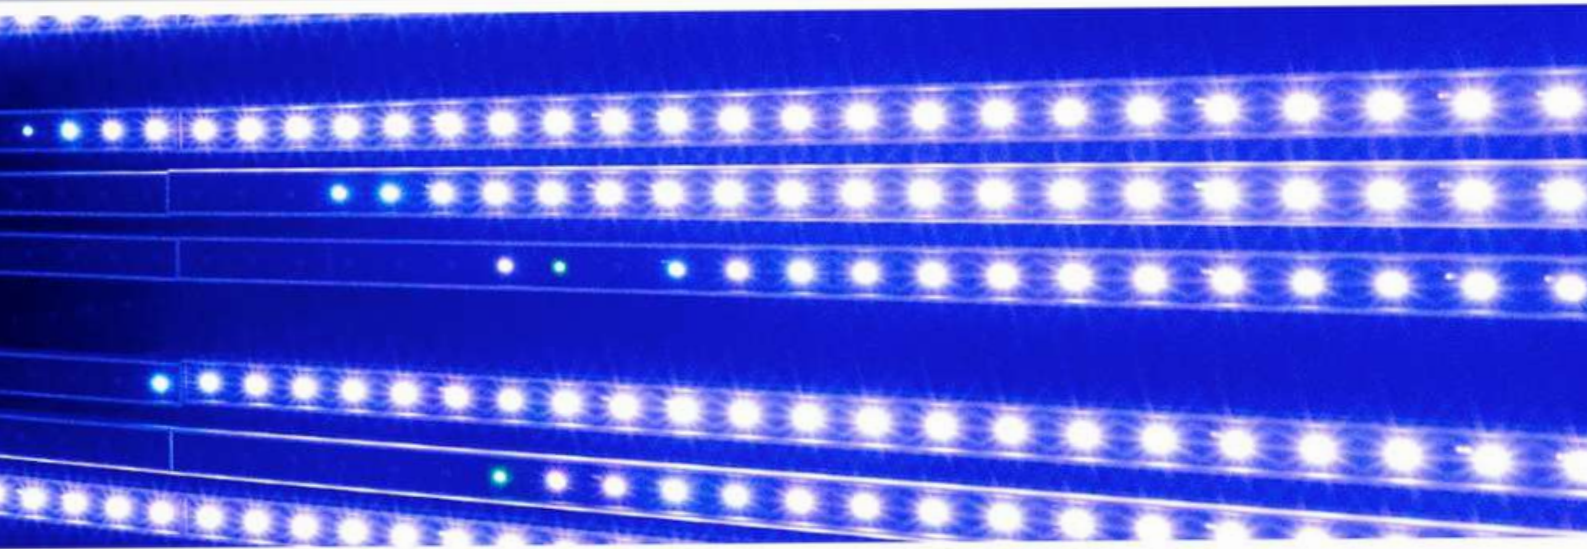

# LOI SIGNING CEREMONY

27 October 2022

From Left: Johnny Khong, BD Senior Director of SMTT; Dato' Alex Kang, Group CEO of EG | SMTT; Cliff Lin, Executive Vice President of CIG Group; Eric Low, Vice President of CIG Malaysia Manufacturing Center

Through the LOI, we are able to complement CIG's manufacturing facilities in China through our own smart factory and smart system in SMTT and our upcoming factory in Batu Kawan.

We will add the 5G photonics modular products of transceivers into our portfolio, on top of expansion on the current and new range of wireless and wired access routers gateway products.

The telecommunications product produced would be crucial in serving both enterprise and residential markets across the globe, primarily America, Europe and Asia.

HAPPY

# Retirement

MR MOGAN KARUPIAH RETIREMENT PARTY

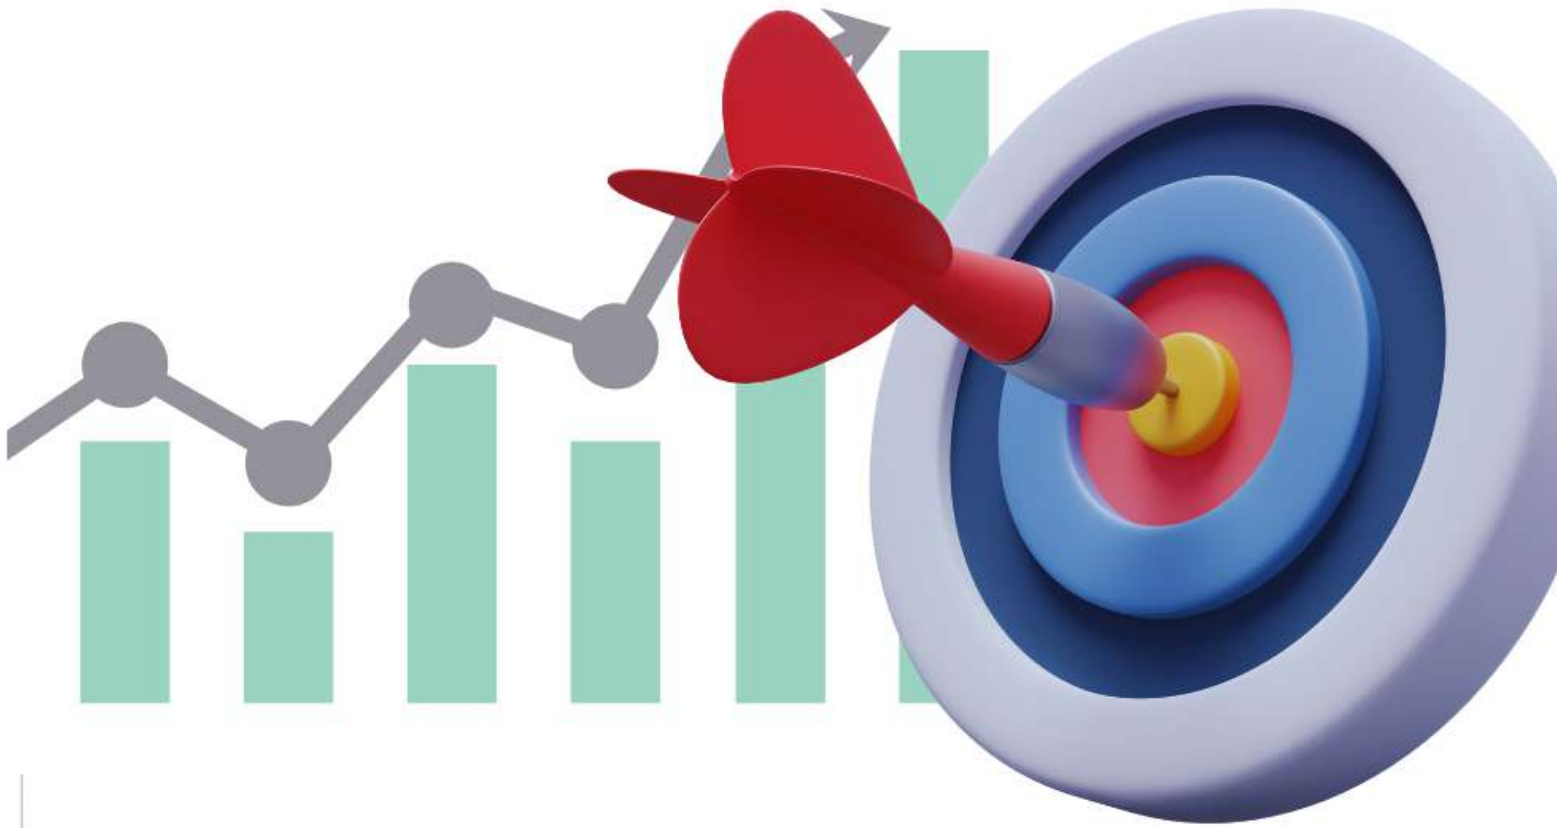

30 July 2022 - marks the last day for our Group CTO & VP, Mr. Mogan Karupiah after his service in SMTT for 19 years and 6 months.

Mr. Mogan had spent the last two decades leading our organization with his exceptional skills and knowledge. He established the quality policy and objectives, review of quality requirements, specifications of new products, and processes. He also continuously improve the efficiency of the inspection methods on suppliers' incoming, in process and outgoing activities to ensure customers regulatory requirement fulfilled.

We come together today to express our sincerest gratitude to Mr. Mogan for his services to the organisation and also guidance to members of the SMTT family. You have been an amazing leader to SMTT, and we wish you all the best on your next chapter in your life as you celebrate your retirement!

Our CEO, Dato' Alex Kang, presented Mr. Mogan the Mercedes Benz as a token of appreciation for his accomplishment.

# AIM FOR THE BEST

**Special reward** was presented to employees whom adhered to strict ESD Control Rules with a proactive attitude. Our CEO has also rewarded the debug team a cash prize as a token of appreciation for successfully achieving the targeted KPIs.

This showed that the employees had worked hard and deserved the reward. The tasks were completed with fantastic success due to everyone's cooperation. Congratulations to the team for the brilliant performance.

**TOP QUALITY PRODUCT**  
successfully achieved 100k first shipment

# DEEPAVALI

## LIGHTING CEREMONY

Diwali/Deepavali (தீபாவளி) is the Indian festival of lights, is celebrated for five days by Hindus, Jains, and Sikhs all over the world. Celebrated during the Hindu Lunisolar month (Kartika). This festival is one of the most popular festivals of Hinduism.

Our group's CEO, Dato' Alex Kang inaugurated this Deepavali celebration by lighting up 'Kuthu VilaiKKu' which symbolizes the victory of good over evil, light over darkness, and knowledge over ignorance. The festival atmosphere, which was adorned with colourful decorations and Kolam as well as community members wearing our traditional attire, helped to make the occasion beautiful.

Serving Muruku is our main dishes during the Deepavali celebration marked as the conclusion of this event. The organizing chairman, Mr. Elumalai, and all aptitude committee members had worked hard to make the event a very joyous and memorable occasion on the day of 17th October 2022 at SMTT lobby reception.

# Ground Breaking

CEREMONY

## BATU KAWAN FACTORY

**A**nother milestone achieved in November 2022!

This milestone has been in the making for years. SMTT began to broaden our footprint on the smart technology roadmap, taking a comprehensive approach to preparing machinery, facilities, and mindsets to ride the next technological wave.

The shape of the groundbreaking sand and excavators resembles our SMTT Smart Factory 4.0 plant, and also symbolized the expansion of SMTT's love.

The SMTT Batu Kawan plant is an important gem as Penang is the most important manufacturing base for electrical and electronic (E&E) products within Malaysia.

We are pleased to undertake this endeavour to accelerate its growth. This will be the first EG Industries fully-automated Lights-Out Smart Factory 4.0, which will be sited on 2.43 hectares (6 acres) of industrial land, with a built-up area of 22,500 square metres for its own production floor, office building, and warehouse.

## THE ULTIMATE

# Recognition

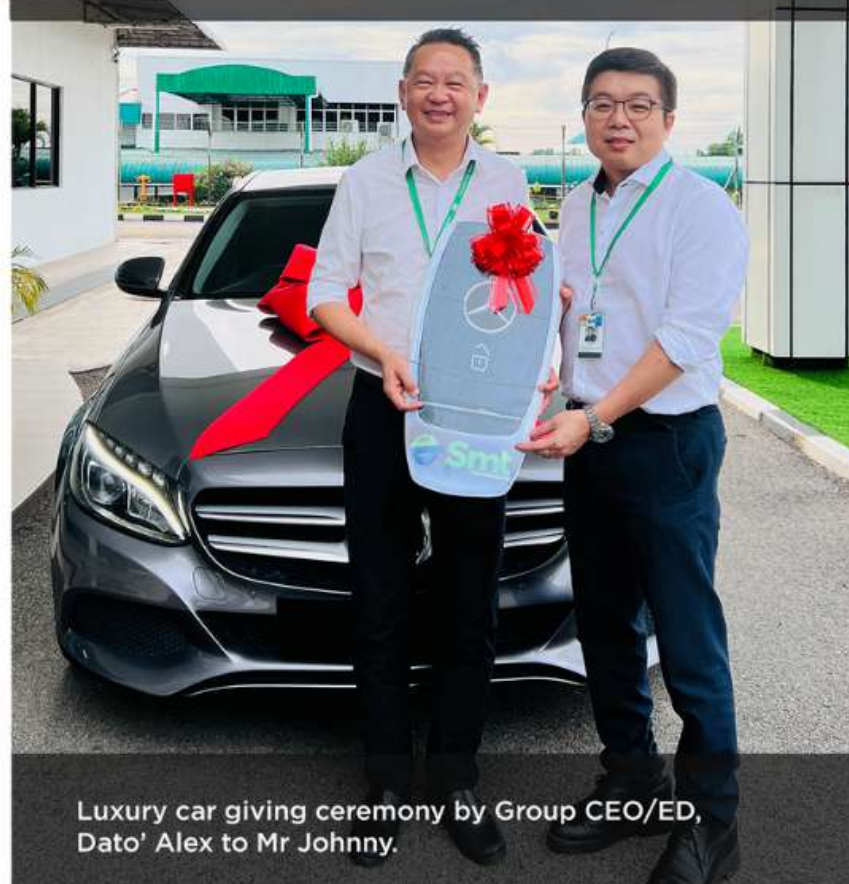

## PREMIUM CAR REWARDS

Mr. Low Joo Hiang and Mr. Johnny Khong, who are currently the Supply Chain Management Senior Director and the Business Development (BD) Senior Director respectively, had been awarded with their first Mercedes Benz car in conjunction with the Employee Recognition Award during 2019. This year, our Group CEO, Dato' Alex, has upgraded both the Senior Directors with a newer model version of Mercedes-Benz in recognition of their loyalty and outstanding contribution in driving the team to achieve business growth.

Mr. Tan Eng Hock (EH Tan), the Human Resource Director, has been awarded with a Mercedes-Benz C class to honour his valuable commitment and loyalty towards the company, especially during the challenging time of the COVID-19 pandemic. His excellent leadership helped the company endure this global.

Mr. JH Low receiving his Mercedes Benz car award from Dato' Alex.

Luxury car giving ceremony by Group CEO/ED, Dato' Alex to Mr Johnny.

Mr. EH Tan has been rewarded with a Mercedes-Benz C-Class for his significant contribution to SMTT.

On 20 March 2023, Ms. Tai Lee Bee, the BD Director, received her first company car after her 15 years of service with the company. The car reward has come just-in-time as this was also her birthday on the same day. Throughout her tenure, Ms. Tai has played an important role in supporting the department's operations and strengthening company's overall business performance by forming a strategic partnership with customers. Meanwhile, Ms. Tai has also expressed that the recognition by the company has meant a lot to her.

Ms. Tai Lee Bee receiving her Mercedes-Benz car award from Dato' Alex as a birthday present and contribution to SMTT.

In this regard, our Group CEO would like to show his appreciation and thanks to those top leaders for fighting on this journey together.

## We Underestimate What We're Capable Of!

We often overestimate how much we can do in a day, but we sometimes underestimated how much we can accomplish. So, it is important to look back and take time to acknowledge the challenging obstacles we overcome and surpass, which lead to personal growth. Our group CEO, Dato' Alex, takes pleasure in acknowledging each successful event we have planned. On October 12, we had our appreciation dinner for the Tunnel Revamp Project and Transformation Day event.

pause, reflect, evaluate

# Celebrate.

Our Group CEO gave a great speech at the opening that got everyone up and cheering for the "fighting" slogan. All of SMTT's management team also joined us for the appreciation dinner. Last but not least, we also took this opportunity to celebrate our Elite Generation team members' birthday.

DECIDE . COMMIT  
**SUCCEED**

## **CAR STICKER PRESENTATION**

Car sticker Presentation to Elite Generations on 23 Nov 2022.

The event started with SMTT CEO Dato' Alex Kang's speech about SMTT's future plans, including the Batu Kawan Smart City 4.0 expansion project and the company's upcoming strategic planning.

# CONTRIBUTION TO KEDAH

## FUTSAL CHAMPIONSHIP TOURNAMENT

Courtesy visit by IPD Kuala Muda - Polis Daerah Kuala Muda

Another goal to CSR activity carried out by SMTT during the year was the sponsorship made to the annual Ketua Polis Kedah Futsal Championship Tournament, which will be held in Jitra, Kedah on August 2022. As a token of appreciation, the futsal team presented a customized futsal jersey to our Group CEO, Dato' Alex, HR Director, Mr. EH Tan and Production Department Manager, Mr. Ivan Ho.

## *Charity event*

by **Kelab Rekreasi Pekerja dan Pedagang Cina**

In early November 2022, Dato' Alex participated in a charity event as the Honourary Advisor of Kelab Rekreasi Pekerja dan Pedagang Cina, which involved distribution of daily necessities and giving of red packets money to approximately 1,000 old folks in Penang. The recreation club members also organized a fundraising activity during the charity dinner.

# CORPORATE SOCIAL RESPONSIBILITY

# CHARITY IS PRIORITY

**SMTT** continues to support and contribute to local communities in Sungai Petani, Kedah, and also the Penang state, despite the challenges and adversities brought about by the pandemic.

**29 October 2022 (Sat):** Dato' Alex and the CSR committee visited the welfare care centre and surprised them with a lot of 'happy food', such as potato chips, cookies, and mini cakes, to cheer the orphans and disabled children.

To our surprise, this welfare centre was actually donated by Dato' Alex since he became a CEO in 2014. He has been silently spreading love and care to the community through a meaningful way. This was actually his childhood home where he grew up. As a filial son, his mother's last wish was to preserve this home and not to sell it.

Coincidentally during that time, **Pertubuhan Kebajikan Kasih Insan Pulau Pinang** (NGO) needed to move out from the previous location and was in need of serious financial aid.

It was when Dato' Alex got inspired and decided to contribute and allow them to use his house as their new welfare centre without rental.

Since then, he has frequently visited the welfare centre and made donations. Feel free to get in touch with our CSR team via our Facebook page if you are interested in lending a helping hand.

# EG Industries' RM180mil Batu Kawan facility to create 1,000 jobs in 2024

*TheStar*

GEORGE TOWN: Electronic Manufacturing Services (EMS) provider EG Industries Bhd expects its RM180 million Smart Factory 4.0 in Batu Kawan near here to generate over 1,000 high-value jobs when it commences operations in 2024.

Scan To Read  
Full News

EG Industries group chief executive officer Datuk Alex Kang said the new facility would have state-of-the-art technologies and is poised to generate tremendous benefits for its customers, stakeholders and country.

"This milestone has been years in the making. Even before COVID-19, we began to place the building blocks in our smart technology roadmap, taking the holistic approach of preparing machinery, facilities and mindsets to ride the next technology wave.

"Our Batu Kawan factory is an important piece of the puzzle and we are pleased to undertake this endeavour to accelerate our growth," he said in a statement, issued after the groundbreaking ceremony of the facility here today.

EG Industries' first fully-automated Lights-Out Smart Factory 4.0 would be sited on 2.43 hectares (6 acres) of industrial land, with a 22,500 sq m built-up area for its production floor, office building and warehouse.

We Help You To Recycle!

Total Waste  
Management

Your company can become an environmentally responsible success story

Cycle Trend can make it happen

Cycle Trend Industries is a fully-licensed industrial waste management company and ISO certified facility. For over 20 years, our end-to-end recycling solutions have helped our clients to meet their social responsibility goals while ensuring that their industrial waste is managed responsibly.

We provide systematic, end-to-end recycling processes accredited to the highest international standards (ISO 14001 Environmental Management Standard and ISO 45001 Standard). Our package of services includes electronic scrap management, ferrous and non-ferrous scrap management as well as total waste management and consultancy.
